About Us

Biomass Pellets are considered a good source of renewable, clean and cost effective heating alternative to many traditional heating materials in several applications. The pellets are mostly used for power or heat generation in boilers. We, Meera Eco Energy, offer a fine assortment of Biomass Pellets in order to provide people of India with a eco-friendly heating and power generation option. The range which we offer is manufactured with care, under utmost hygienic conditions. A best in class variety of wood residue and other raw materials are put to use in the production of our array. As a responsible manufacturer as well as supplier, we pledge to offer all with properly quality tested Biomass Energy Pellets, Biomass Fuel Pellets, Biomass Wood Pellets, Industrial Biomass Pellets, etc. Each batch of pellets is quality tested by experts, at our facility, in perfect adherence to latest industrial standards. It is made sure that only a seamless variety of Biomass Pellets are dispatched from our state of the art infrastructure facility.

Our prestigious company, Meera Eco Energy, is a trusted name in the marketplace. We are acclaimed for our exceptional manufacturing talent, which has the approval of many experts in the heat or power generation industries. From our Gandhidham (Gujarat, India) established facility, we work in an environmentally friendly manner, aiming to impact mother nature positively. The goal of our enterprise is to constantly make available finest grade assortment of Wood Fuel Pellets, Industrial Biomass Pellets, Biomass Wood Pellets, Biomass Fuel Pellets, Biomass Energy Pellets, etc., in bulk. The prices of this incredible assortment are set in a reasonable manner.

Key Facts

Nature of Business	Manufacturer
